2001

(g) Igbobi Girls' High School, Yaba, Lagos State
1986-1992

(ii) Academic Qualifications (With Dates)

(a) B. Sc. Microbiology
2025

(b) M. Sc. Laboratory Technology (Plant Sciences Option)
2013

(c) Post Graduate Diploma (PGD) – Crop Protection
2008

(d) Final Diploma (HND) - Microbiology/ Virology
2001

(e) Intermediate Diploma (OND) - Sc. Lab. Tech.
1998

(f) Senior Secondary School Certificate
2001
(g) Senior Secondary School Certificate
1992

(iii) Professional Qualification (with Dates)
Nigerian Institute of Science Laboratory Technologists (NISLT):
(a) Final Diploma (HND) – SLT - Microbiology/Virology
2001
(b) Intermediate Diploma (OND) – Sci. Lab. Tech.
1998

03. WORK EXPERIENCE

a. Employer: Federal University of Agriculture, Abeokuta, Nigeria
Department of Pure and Applied Botany
Positions Held: Chief Laboratory Technologist Oct., 2019-till date

Duties and Responsibilities
(i) Preparation of materials for 100L-400L and post graduate students practical classes.
(ii) Giving technical assistance to academic staff on research work.
(iii) Procuring laboratory materials through the Head of Department.
(iv) Managing resources in Biology TETFUND and Pure and Applied Botany laboratories.
(v) Giving technical assistance and advice to final year and post graduate students on research projects.
(vi) Maintaining good working condition of laboratory equipment.
(vii) Carrying out bi-annual check and maintenance of laboratory equipment.
(viii) Developing standard operating procedures for some laboratory equipment.
(ix) Conducting practical classes for undergraduate and Post Graduate students of the Department.
(x) Operating specialized equipment for research purposes.
(xi) Any other special task assigned by the Head of Department.

b. Employer: Federal University of Agriculture, Abeokuta, Nigeria
Department of Pure and Applied Botany
Positions Held: Asst. Chief Laboratory Technologist Oct., 2016-Sept., 2019

Duties and Responsibilities
(i) Re-organizing the 100L practical for easy and smooth running.
(ii) Preparation of materials for 100L-400L and post graduate students practical classes.
(iii) Giving technical assistance to academic staff on research work.
(iv) Procuring laboratory materials through the Head of Department.
(v) Managing resources in Biology TETFUND and Pure and Applied Botany laboratories.
(vi) Giving technical assistance and advice to final year and post graduate students on research projects.
(vii) Maintaining good working condition of laboratory equipment.
(viii) Carrying out bi-annual check and maintenance of laboratory equipment.

(ix) Setting up of materials for practical classes.
(x) Conducting practical classes for undergraduate and Post Graduate students of the Department.
(xi) Operating specialized equipment for research purposes.

c. Employer: Federal University of Agriculture, Abeokuta, Nigeria
Department of Pure and Applied Botany
Positions Held: Principal Laboratory Technologist Dec., 2014-Sept., 2016

Duties and Responsibilities
(i) Re-organizing the 100L practical for easy and smooth running.
