

ACADEMIC PROFILE

i. Passport Photograph

ii. Brief Biography

Oluwatosin Adetutu Adeyeye is a Senior Extension Fellow / Senior Lecturer in the Gender Issues and Youth Development (GIYD) Programme of Agricultural Media Resources and Extension Centre (AMREC), the extension arm of the Federal University of Agriculture Abeokuta, (FUNAAB) Ogun State, Nigeria. I am also a Lecturer at the Department of Agricultural Extension and Rural Development, College of Agricultural Management and Rural Development (FUNAAB). I specialize in qualitative social and ethnographic research. I have experience in rural research (rural health, nutrition and livelihood), capacity-building training adopting integrated approaches using gender-sensitive and gender-specific strategies among rural dwellers. I have served as co-investigators on various projects including, need assessment/case study on Sasakawa Africa Fund for Extension Education (SAFE Programs) funded by SASAKAWA Africa Fund, Optimization and Multiplication of Large Fulani Eco-type Chicken for Sustainable Production and Genetic Security in Nigeria, Overcoming Challenges in Sex Identification of Nigerian Indigenous Chickens using Auto-Sexing and polymerase Chain reaction (PCR) methods funded by TETFUND. Others include the Adoption Level of Mobile Technology by Farmers for SMART Agriculture in Nigeria funded by TETFUND. I have also served as communication focal person, and volunteer counsellor on the UNAAB /PEPFAR – USG HIV/AIDs project funded by PEPFAR – USG, Federal University of Agriculture (FUNAAB) / International Institute of Tropical Agriculture (IITA) Cassava Weed Management Project funded by IITA and also as extension and communication expert on Farm Family Health Project in South-west, Nigeria, funded by NESTLE

iii **Department:** Agricultural Extension and Rural Development (**AERD**) / Gender Issues and Youth Development Programme (GIYD), Agricultural Media Resources and Extension Centre (AMREC)

Personal Information: A person with high analytical, problem-solving and research skills, an astute administrator and has an excellent coordinating, team-building and interpersonal skills. I possess excellent communication and report writing skills, a good leadership style, and am also able to work with a multidisciplinary team and can also work independently in achieving the set goals of food system sustainability as well as ready to face new challenges with a unique winning psychology.
