

CENTRE OF EXCELLENCE IN AGRICULTURAL DEVELOPMENT AND SUSTAINABLE ENVIRONMENT

M. AgSe. (Livestock Science and Sustainable Environment)

BALDEH Yaya

Dissertation: Compact Fluorescent Light Colours: Effects on Light Preference and Growth of FUNAAN Alpha Chickens

SAHR William B. K.

Dissertation: Effects of In-Ovo Administration of Inorganic Salts of Zinc, Copper and Manganese on Performance of Broiler Chickens

OSO Oluwadamilola Moyin

Dissertation: Comparative Behavioural Study of Broiler Chickens Raised under Different Light Sources

OWOLABI Oluwasegun Moses

Dissertation: Expression of Toll-Like Receptor 3 Gene and Haematological Responses in Nigerian Indigenous Chickens Challenged with Attenuated Marek's Disease Virus.

ABODUNRIN Olugbenga Joseph

Dissertation: Response of Broiler Chickens to Diets Containing Local Fish Meal Replaced with Crayfish Dust

M. AgSe. (Food Processing and Value Addition)

AYANDIPE Dorcas Oluwadara

Dissertation: Optimization of High Quality Cassava and Coconut Composite Flour Combination as Filler in Chicken Sausages

CENTRE OF EXCELLENCE IN AGRICULTURAL DEVELOPMENT AND SUSTAINABLE ENVIRONMENT

M. AgSE (Agricultural Economics and Environmental Policy)

NWAEBEE Precious Ogochukwu

Dissertation: Sedentary Cattle Farmers' livelihood Activities and Willingness to Pay for Grassland Improvement in Ogun State, Nigeria

AGBENIGA Abiola

Dissertation: Environmental Sustainability and Economic Analysis of Processing Cassava Food Products in Ogun State

OBINKA Chima Adebare

Dissertation: Effects of Attitude to Risk on Climate-Smart Agricultural and Technical Efficiency of Smallholder Rice Farmers in Ogun State, Nigeria

AMADI Grace Omotere

Dissertation: Dynamics of Food Consumption and Nutrients Intake of Rural Households in Nigeria

KWAJI Emmanuel

Dissertation: Competitiveness of Groundnut Processing in Adamawa State, Nigeria

AFOLABI Abiodun Samson

Dissertation: Economic Analysis of Climate Risk and Adaptation Strategies among Rice Farmers in Southern Nigeria

M. AgSE. (Crop and Pasture Production and Sustainable Environment)

AJIBOYE Francis Akindayo

Dissertation: Evaluation of Some Sweet Corn (*Zea mays L. var. saccharata*) Genotypes for Low Nitrogen Tolerance and Yield Stability

OKEDARA Damilola Elizabeth

Dissertation: Efficacy of Neem oil and Garlic Extract against Early Blight Disease of Tomato Caused by *Alternaria Solani*

OGINNI Tolulope Abiola

Dissertation: Growth, Rhizome Yield and Proximate Contents of Turmeric (*Curcuma longa L.*) as influenced by Potassium Fertilizer Application and Seed Bed Types

NDOMAHUN Francis Saahkollio

Dissertation: Effects of Storage Temperatures and Containers on Seed Physiological Attributes of Some Liberian Grown Rice (*Oryza Sativa L.*) Genoty

ADJIMOTI Wilfred Kingnide

Dissertation: Studies on Spodoptera Frugiperda (J. E. Smith) (Lepidoptera: Noctuidae), Distribution in Collines and Donga Departments, Benin Republic and Developmental Biology on Four Cereals

ABEGUNDE Oloruntoba Isaac

Dissertation: Molecular and Agro-Morphological Diversity among Drought Tolerant Maize (*zea may L*) Genotypes under Two Seasonal Growing Conditions

M. AgSe. (Food Processing and Value Addition)

SOWUNMI Musiliu Adebare

Dissertation: Kinetics Modeling of Quality Attributes During Deep Frying of Chicken Nuggets from FUNAAB Indigenous Broilers

OSUNLANA Iyanu Daniel

Dissertation: Consumer Acceptability of Chicken Nuggets from FUNAAB Improved-Indigenous Broiler Chickens in Three South Western States of Nigeria

M. AgSe. (Livestock Science and Sustainable Environment)

OLALERE Johnson Olayide

Dissertation: Growth Performance, Physiological Parameters and Blood Profile of Crosses between Kalahari Red Bucks and West African Dwarf Does Fed Ruzi (*Brachiaria ruziziensis*) and/or Guinea Grass (*Panicum maximum*)

ADEBAYO John Odunayo

Dissertation: Physiological Indices and their Association with Single Nucleotide Polymorphisms of Transmembrane Bax Inhibitor Motif 6 (TMBIM6) Gene in Nigerian Goats

OWOADE Adewale Damilare

Dissertation: Response of Layer Breeder Hens to Diets Containing Inorganic or Mineral Chelates of Cu, Zn and Mn

BABATUNDE Moses Olayemi

Dissertation: Lactation Performance, Milk Parameters and Leptin Hormone Concentration of West African Dwarf Does and Kids Fed Neem Leaf Meal

EMMANUEL Felix Omokafe

Dissertation: Performance and Nutritional Indices of West African Dwarf Goats Fed Basal *Pennisetum purpurem* Supplemented with Cassava Peel and Leaf Based Concentrate Diets

CENTRE OF EXCELLENCE IN AGRICULTURAL DEVELOPMENT AND SUSTAINABLE ENVIRONMENT

Ph.D. AgSE. (Crop Entomology)

JALLOW Mamudou

Thesis: Infestation Status of Maize Weevil, *Sitophiluszeamais* (Motschulsky) (Coleopetera: Curculionidae) in the Gambia and its Integrated control with Botanicals and Seed Resistance

MBENGA Ismaila

Thesis: Efficacy of *OcimumCanumSim* (Lamiales: Lamiaceae)as a Fruit Fly (Diptera: Tephritidae) Trap-Plant for the Control of *BactroceraDorsalis* on Mango in the Gambia

Supervisor: **Prof. O. R. Pitán**

Ph.D. AgSE (Environmental Safety)

AKINOLA Temidayo Olajumoke

Thesis: Bioethanol Production from Cassava (*Manihot spp.*) Peels and Assessment of the Associated Air Quality Pollutants in Ogun State, Southwest Nigeria

Supervisor: **Dr. O. Oguntoke**

Ph.D. AgSE (Feed Technology and Avian Molecular Biology)

ALABI Joel Oluwatosin

Thesis: Influence of Supplemental L-Threonine on Performance, Immune Response and Expression Profile of Nutrient Transporter and Immunity Genes in Boiler Chickens

Supervisor: **Dr. A. O. Fafolu**

ADEBAYO Mary Oluwaseun

Thesis: Comparative Growth, Reproductive Performance and Physiological Parameters of Three Broiler Breeder Strains and Performance of their Chicks under Tropical Nigerian Conditions

Supervisor: **Prof. O. M. Onagbesan**

Ph.D. AgSE (Food Engineering)

EBERENDU Nseobong Obioha

Thesis: Optimization of Instant Pounded Yam Flour Production Line: A Case Study of Federal Institute of Industrial Research (FIIRO)

Supervisor: **Prof. A. F. Adisa**

Ph.D. AgSE (Food Processing and Value Addition)

OLUFEMI Omowunmi Eunice

Thesis: Optimal Formulation and Preservative Effect of Sweet Basil (*Ocimum basilicum*) Essential Oil on Chevron Patties

Supervisor: **Prof. A. A. Adebowale**

Ph.D. AgSE (Monogastric Animal Nutrition)

POPOOLA Adesola Abimbola

Thesis: Response of Broiler Chicken Breeders Fed Inorganic Salts or Chelated Zinc, Copper, Manganese and Post-Hatch Performance of their Progenies

Supervisor: **Prof. O. O. Oluwatosin**

Ph.D. AgSE (Non-Ruminant Production)

OBAJULUWA Olusola Victor

Thesis: Response of Broiler Chickens to Diets Containing Yohimbe Bark (*Pausinystalia yohimbe*) as Addictive

Supervisor: **Prof. K. A. Sanwo**

KAREEM Simbiat Oluwabusayo

Thesis: Response of Broiler Chickens to In Ovo and Post-Hatch Administration of Aqueous Extract of Oyster Mushroom (*Pleurotus ostreatus*)

Supervisor: **Prof. O. M. Sogunle**

Ph.D. AgSE (Pasture Production and Utilization)

ADEKEYE Adetayo Bankole

Thesis: Fodder Yield and Nutritive Value of Maize (*Zea Mays*) and Wheat (*Tricicum aestivum*) Under Hydroponic Condition as Affected by Sources of Water and Days to Harvest

Supervisor: **Prof. O.S. Onifade**

CENTRE OF EXCELLENCE IN AGRICULTURAL DEVELOPMENT AND SUSTAINABLE ENVIRONMENT

Ph.D. AgSe. (Hydrology and Climate Change)

HASSAN Muili Tunde

Thesis: Assessment of Climate Change Impacts on Water and Food Security in Selected Rural Communities in Southwestern Nigeria

Supervisor: **Prof. A. M. Gbadebo**

Ph.D. AgSe (Plant Breeding and Genetics)

ADEBOYE Kehinde Adewole

Thesis: Genome – Wide Analysis of Flowering Pattern and Other Yield – Related Traits in Rice under Reproductive Stage Drought Stress

Ph.D. AgSe (Animal Breeding and Biotechnology)

FOLARIN Itunuola Anne

Thesis: Effect of Thermal Conditioning on Heat Stress Indices, Heamatological and Serum Parameters and Expression of Two Thermoregulatory Genes in Five Chicken Strains

Supervisor: **Prof. O. Olowofeso**

Ph.D. AgSe (Monogastric Animal Nutrition)

ADENIRAN Ayorinde David

Thesis: Effect of Supplemental Levels of DL OR MHA-FA Methionie on Growth and laying Performance of Two Strains of Egg-Type Chickens

Supervisor: **Prof. O.M.O. Idowu**

TUKURA Chinweogo Chioma

Thesis: Response of Broiler Chickens to Standard and HIGHPHY Wheat-Based Diets Supplemented with Enzymes and Polyethylene Glycol Esters

Supervisor: **Prof. O. O. Oluwatosin**

Ph.D. AgSe (Animal Physiology)

OBANLA Lukumon Olakunle

Thesis: Comparative Efficiencies of Synthetic or Natural Anti-oxidant Sources in Broiler Chickens Subject to Chronic Heat Stress Conditions

Supervisor: **Prof. O. M. Onagbesan**

Ph.D. AgSe (Food Processing and Value Addition)

KOSOKO Sulaimon Babatunde

Thesis: Quality Characterisation of Chevron Sausage from Blends of High Quality Cassava and Wheat Flour Stabilised with Hydrocolloids

Supervisor: **Prof. L. O. Sanni**
