14 **Short profile**

Dr. Adekoyeni Oludare Olumuyiwa is an academic and researcher with nearly two decades of experience in Food Science and Technology. He currently serves as the Programme Leader for the Food and Nutrition Research Programme at the Institute of Food Security, Environmental Resources and Agricultural Research (IFSERAR). He is anchored in the Department of Food Science and Technology at the Federal University of Agriculture, Abeokuta, Nigeria.

His research focuses on food processing, post-harvest technology, nutrition, and food safety. Notably, his scholarly work has contributed significantly to upgrading Nigerian rice varieties to enhance their quality and market competitiveness against imported brands. He expanded his work into food product development and value addition, utilisation of underutilised crops to create sustainable and healthy alternatives. In post-harvest studies his findings attenuates from processing, quality control, preservation and storage stability to achieve food security.

As an established research leader, he has served as both Principal Investigator and Co-Investigator on numerous grant-funded initiatives. This includes his impactful work with the Global Alliance for Improved Nutrition (GAIN) team, where the team evaluated compliance with mandatory industrial food fortification and validated i-check devices for rapid micronutrient analysis. Additionally, he has been actively involved in several Institutional Based Research funded by TETFUND.

He teaches and supervises both undergraduate and postgraduate students**.** He has published 44 articles in reputable local and international journals, as well as 10 edited conference proceedings. An active professional member of the Nigerian Institute of Food Science and Technology (NIFST)**,** he continues to drive advancements in local and global food systems

.

(a) Educational Institutions Attended (with dates)

	Institutions	Qualifications	Dates
(i)	University of Ibadan, Ibadan, Oyo State.	Ph.D Food Technology	2009 to 2014
(ii)	University of Ibadan, Ibadan, Oyo State.	M.Sc Food Technology	2004 to 2007
(iii)	Federal University of Agriculture, Abeokuta, Ogun State.	B.Sc Food Science and Technology	1996 to 2001
(iv)	Federal College of Education, Abeokuta, Ogun State.	National Certificate in Education (Agricultural Science)	1993 to 1996
(v)	Owode High School, Owode Egba, Ogun State.	West African Senior School Certificate	1986 to 1992
(vi)	All Saints Primary School, Owode Egba, Ogun State.	Primary School Leaving certificate	1980 to 1986

16 **Research area:** Food processing and post-harvest technology

17 Awards received

18 Career Progression

(a) **Teaching and Research**

(i)	Reader –Institute of Food Safety, Environmental Resources and Agricultural Research/ Food Science and Technology, Federal University of Agriculture, Abeokuta.	2024 to date
(ii)	Reader- Department of Home Science and Management, Federal University Gashua, Yobe State.	2020 to 2024
(iii)	Senior Lecturer- Department of Home Science and Management, Federal University Gashua, Yobe State.	2016 to 2020
(iv)	Lecturer I– Department of Food Science and Technology, Federal University Dutsinma, Katsina State, Nigeria.	2015 to 2016
(v)	Lecturer II - Department of Food Science and Technology, Bells University of Technology, Ota, Ogun State, Nigeria.	2012 to 2015
(vi)	Assistant Lecturer - Department of Food Science and Technology, Bells University of Technology, Ota, Ogun State, Nigeria.	2011 to 2012
(vii)	Research Associate – Central University Teaching Research Laboratory, Bells University of Technology, Ota, Ogun State, Nigeria.	2009 to 2011

19 Membership of Academic & Professional Bodies:

(i) Member, Nigerian Institute of Food Science and Technology

(ii) Member, International Society for Tropical Root Crops-African Branch

(iii) Member, Teachers Registration Council of Nigeria (TRCN).

20 **Selected Relevant Conferences Attended**

(i) The 1st International Conference on Climate-Smart Agriculture 2025 held at the Federal University of Agriculture, Abeokuta (FUNAAB) between December 10 to 12th, 2025.. Comparative evaluation of chemical deposits on grilled meat processed with firewood and charcoal of Anoigessus leiocarpus and Tectona grandis.

(ii) The 2nd International Conference of Food Science and Human Ecology (ICOFHEC) and Exhibition of College of Food Science and Human Ecology, Federal University of Agriculture, Abeokuta held between 3rd to 6th March, 2025 at Red Chamber, Senate Building, FUNAAB, Abeokuta. Physical, Proximate Composition and Sensory Properties of Cookies from Cocoyam-Wheat Flour Blends.

(iii) The 48th Conference of Nigerian Institute of Food Science and Technology, Government House, Kano, Nigeria, Monday, 14th to Friday, 18th October, 2024 at Coronation Hall, Government House, Kano. Comparative Assessment of Chemical Components of Wood and Deposits on Smoked Camel Meat

(iv) The 9th Regional Food Science and Technology Summit (ReFoSTS) of Nigerian Institute of Food Science and Technology Western Chapter held between 5th to 8th June, 2023 at DLK Event Centre, Abeokuta, Ogun State. Thermophysical and Functional Properties of Unripe Plantain and Water Yam Composite Flours.

(v) The 40th Conference of Nigerian Institute of Food Science and Technology, Government House, Kano, Nigeria, 24 to 26 October, 2016 at Coronation Hall, Government House, Kano State. Microbiology and sensory qualities of tomato seed flour incorporation in bread.

(vi) The 12th International Symposium of International Society for Tropical Root Crops ISTRC African Branch, Alisa Hotel, Accra, Ghana, 30th September to 5th October, 2013. Quality indices of cassava starch as affected by variety and maturity age. In: Competitiveness of Root Crops for Accelerating Africa's economic Growth.

(vi) The 16th Triennial Symposium of International Society for Tropical Root Crops ISTRC, Federal University of Agriculture, Abeokuta, Nigeria, 23rd to 28th September, 2012. Mathematical modelling of some thermophysical and engineering Properties of Cassava Starch. In: The Roots and Tubers of Development and Climate Change. Cocoyam-Wheat Flour Blends.

21 **Selected publications**

1. ***f*** *** Adekoyeni, O. O.,** Gbadegesin, S.A., Adegoke, A.F., Omohimi, C.I., Ojure,

M. A. (2026).
Comparison of physicochemical, mineral and microbiological quality of tomato paste produced from fresh tomatoes *(Solanum lycoperscum)* cultivated in soil-based and soilless. ***Nigerian Journal of Nutritional Sciences.*** 47(2):62-73.
