

CURRICULUM VITAE

1. PERSONAL DATA

Name: ADENEKAN ALAMIN ADEDEJI

Date of Birth: 01-10-1997

Place of Birth: LAGOS, NIGERIA

Gender: MALE

Marital Status: MARRIED

Nationality: NIGERIAN

Town and State of Origin: ABEOKUTA, OGUN STATE

Home Address: 29, AMEEN STREET, ABULE OJA YABA, LAGOS

Contact Address: CENTRE OF EXCELLENCE IN AGRICULTURAL DEVELOPMENT AND SUSTAINABLE ENVIRONMENT (CEADESE), FEDERAL UNIVERSITY OF AGRICULTURE, ABEOKUTA, NIGERIA.

Phone Number: +2349034036754

Email Address: adenekanaa@funaab.edu.ng adenekanalaminadededeji@gmail.com

2. EDUCATIONAL BACKGROUND

A. Institutions Attended with Dates

- i. Secondary School (WASSCE) — 2007 – 2012
- ii. Federal University of Agriculture, Abeokuta — 2014 – 2019
- iii. Federal University of Agriculture, Abeokuta — 2021 – 2024
- iv. Federal University of Agriculture, Abeokuta — 2026 – Present

B. Qualifications with Dates

- i. West African Senior School Certificate Examination (WASSCE) — 2013
- ii. B.Sc. Environmental Management and Toxicology (Second Class Upper Division) — 2019
- iii. M.Sc. Environmental Management and Protection — 2024
- iv. Ph.D. Environmental Management and Protection (In View) — 2026 – Present

3. WORK EXPERIENCE

Assistant Research Fellow (Assistant Lecturer), Centre of Excellence in Agricultural Development and Sustainable Environment (CEADESE), Federal University of Agriculture, Abeokuta — October 2025 – Date

- Conduct and support multidisciplinary research activities at CEADESE, focusing on environmental sustainability, agricultural development and applied research initiatives.
- Develop academic materials, research reports and technical documentation in environmental management, pollution studies, sustainability and environmental assessment.
- Provide academic mentorship and supervision support to students through research guidance, seminar coordination and professional development engagements.

Academic Writer and Consultant, Topmost Edu Consult — July 2024 – October 2025

- Provide consultation on research methodology, data interpretation and journal submission processes for postgraduate students, researchers and institutions.
- Conduct peer review and quality assurance of academic documents to align with international publication standards, including APA, Harvard and Vancouver referencing styles.
- Develop and edit manuscripts, literature reviews, grant proposals, conference papers, dissertations and technical reports across science, public health, social science and arts fields.
- Collaborate with scholars and early-career researchers to refine research questions, strengthen theoretical frameworks and ensure methodological rigour.

Technical and Academic Writer, EstradeTech — August 2021 – October, 2025

- Translate complex scientific concepts into accessible instructional materials, white papers and research briefs for academic and institutional use.
- Produce clear and technically accurate academic content across STEM and environmental science fields for university-level audiences and professional clients.
- Collaborate with multidisciplinary teams to ensure consistency, clarity and scientific validity across technical reports and educational outputs.
- Conduct literature reviews and secondary data synthesis to support research initiatives and policy-relevant writing projects.

Research and Content Writer, Caring and Green — January 2020 – December 2021

- Create accessible content on environmental sustainability, green living and eco-friendly practices for public education and advocacy.

- Author articles and reports addressing pollution control, climate change and sustainable development to increase public awareness.
- Conduct research on environmental trends, green technologies and global best practices to inform content strategy and scientific accuracy.

Intern, Lagos State Environmental Protection Agency — September 2017 – February 2018

- Participated in the preparation and review of Environmental Impact Assessment (EIA) reports to support sustainable development decisions.
- Supported annual budget planning by aligning financial proposals with environmental policy priorities.
- Reviewed technical reports for regulatory compliance and maintained consistent environmental data documentation.
- Organised and led in-house training sessions to enhance staff capacity in emerging environmental management practices.
- Tracked and communicated emerging trends in environmental regulation to inform policy updates and internal agency practices.
